

PCI Compliance is mandatory. Paying too much isn't.

If you accept credit cards, you must now adhere to the security standards mandated by the major credit card brands. The purpose of PCI (Payment Card Industry) Compliance is to keep consumer credit card data safe.

Achieving, and maintaining compliance isn't optional. But you **do** have a choice about how much you pay. Some merchants are paying hundreds per year. Do you know what fees you're currently being charged for compliance?

Get hassle-free compliance, plus affordable card processing, from one source you can trust.

Compliance is a continuous process, not a one-time event, stealing scarce time and money away from where you need them most—growing your business. GMS has straightforward, competitive card processing rates, plus we make it easy and affordable to stay compliant. Count on GMS to:

- Identify which compliance requirements apply to you
- Walk you through step-by-step
- Provide written policies and clarifications as needed
