

Remote Deposit Capture ISO Fact Sheet

Partner with **GMS** and grab *your* share of the exploding RDC opportunity!

What can Remote Deposit Capture do for you?

Gain new clients—Attract new accounts that aren't good merchant services prospects.

Grow your existing base—Add value to RCK and credit card merchants.

Retain loyal clients—Strengthen relationships and build loyalty by providing multiple solutions.

Add value—Give merchants a way to collect checks electronically just like credit cards.

Why Remote Deposit Capture from **GMS**?

Healthy income—Collect your fair share of not only the monthly and transaction fees and scanner cost, but also RCK processing and state-allowable fees.

Stand out—Offer a seamless solution that goes beyond basic RDC to include automatic NSF management and collection.

Professional sales tools—Focus on selling backed by everything you need to demonstrate and deliver real value.

Experience—Deliver a seamless solution that combines **GMS**' 17 years of electronic payment expertise with Software Earnings, an industry leader in check processing technology and the first to offer RDC software.

Proven results—Sell with confidence based on more than 4,000 successful deployment sites nationwide.

**We do all the work. You get all the credit.
